Personal Deposit Accounts Overview

BAC Community Bank provides personal deposit accounts designed to meet the needs of individual households of all sizes. This publication outlines the unique benefits and features of each account along with available services designed to provide customers the ability to efficiently manage their finances.

At any time and at the discretion of BAC Community Bank standard features and account requirements may change after an account is opened. A customer may need to initiate the use of some services by enrolling in or requesting the service.

See our *Personal Service Fees* on pages 15-17 of this publication for other fees that may apply to these accounts.

Other terms and conditions may apply. Refer to the specific account's *Truth In Savings Disclosure* and our *Deposit Account Agreement & Disclosure* for additional information.

Checking Accounts

Our personal checking accounts are consumer accounts intended as a general purpose checking account. Such accounts are not to be used for commercial purposes.

Savings Accounts

Savings and money market accounts are designed to help households set aside and save funds as needed. These accounts are not transaction accounts, therefore no more than 6 transfers or withdrawals of the following type are permitted during your monthly statement cycle:

- Payments to third-parties such as checks, drafts, debit cards or similar transactions
- Transfers by phone using our automated service or speaking with a banker on the phone
- Transfers or payments through online, mobile and text banking (including Bill Pay and person-to-person payments)
- Transfers to a checking account for Overdraft Protection
- Pre-authorized transfers and withdrawals
- Debit card purchases

There are no limits on transfers or withdrawals made in person at an ATM / ITM, Bank branch or on any type of deposit. If you regularly exceed 6 limited transactions during a statement cycle, BAC Community Bank may convert your savings or money market into a checking account or may close your account.

Certificates of Deposit

Certificates of Deposit are term accounts subject to early withdrawal penalties. Please refer to your CD Receipt, *Truth In Savings Disclosure* and page 12 of this publication for details.

Minor Accounts

Minor accounts are designed for young savers. Whether a Minor Savings or a Teen Checking, all minor accounts require an adult joint owner.

When the minor turns 18 years of age, the minor account(s) will be converted to other deposit accounts available at BAC Community Bank at that time.

Refer to *Minor Deposit Accounts – Frequently Asked Questions* for additional information.

Personal Deposit Accounts Overview

Kasasa® Accounts

There are no recurring monthly service charges or fees to open or close this account. There are no monthly service charge fees and no minimum balance requirements to earn rewards.

Reward Qualifications

To earn your rewards, simply complete the following activities and transactions in your Kasasa checking account during each monthly qualification cycle:

- At least 12 debit card purchases that post and settle
- Be enrolled in and agree to receive paperless statements
- Be enrolled in and log into online banking or mobile banking

If you don't qualify during the cycle, don't worry. There's still no monthly service charge. Plus you can get back to earning your full rewards the very next monthly qualification cycle!

Rates and Rewards

Rates and rewards are variable. At any time and at the discretion of BAC Community Bank rates, qualifications, and rewards may change after account is opened. Fees may reduce earnings. Refer to pages 6-9 for additional information. See our current Monthly Kasasa Qualification Calendar available from any branch or online at www.bankbac.com/kasasa-calendar.

APY = Annual Percentage Yield. Information and APYs are accurate as of 5/1/2023. When linked to Kasasa Saver, the interest in the Kasasa Cash account does not compound in the account since it is transferred into the Kasasa Saver account. The Kasasa Saver APYs may be less than the Kasasa Cash APYs.

Sample calculations for rewards earned on Kasasa Cash and Kasasa Saver accounts are based on an assumed account balance of \$10,000 + \$100,000 and an assumed statement cycle of thirty-one (31) days. Since any portion of an account balance over \$10,000 earns a lower interest rate when qualifications are met, higher balance accounts may earn a lower compounded APY than the examples given.

Minor Deposit Accounts Frequently Asked Questions

How old do account owners need to be in order to have a BAC minor account?

BAC Community Bank offers two minor accounts options. Each is a joint ownership account requiring one owner to be a minor and the other owner to be an adult. Ages for the minor owner are based on the account type chosen:

- **MINOR SAVINGS**
 - Minor owner must be 17 years old or younger
 - Adult owner must be at least 18 years old, preferably the minor's parent or guardian
- **TEEN CHECKING**
 - Minor owner must be between the ages of 14-17 years old
 - Adult owner must be at least 18 years old, preferably the minor's parent or guardian

What is a Joint Ownership account?

A Joint Ownership account has more than one person named as owner of the account. Everyone named on the account has equal ownership and access to funds, regardless of who deposited the money.

Can a minor open a minor account without an adult joint owner?

No.

Can an adult open a minor account without a minor joint owner?

If an adult has such a need, please explore available options by discussing your need with a local banking professional.

What is a Business Day?

Although deposit accounts are typically accessible around the clock, a Business Day is any day Monday through Friday, provided that the weekday is not on a federal holiday. When a federal holiday falls on a Sunday, the next Monday is not a Business Day.

What is a Statement Cycle?

The period of time for which BAC Community Bank provides a summary of the financial activities and transactions that post and settle to the account. The Statement Cycle ends on the last business day of the month. The Statement Cycle begins on the first calendar day following the last business day of the month.

What is a Debit?

A Debit to a deposit account is any transaction that reduces the balance of the account, such as a cash withdrawal, service charge, or automatic payment.

What is a Credit?

A Credit to a deposit account is any transaction that adds to the balance of the account, such as a deposit of cash, checks, or interest.

Does my minor account earn interest?

Not all BAC Community Bank minor accounts pay interest. This depends on which minor account you choose.

- **MINOR SAVINGS**
 - Yes
- **TEEN CHECKING**
 - No

When will the interest in my Minor Savings be paid to me?

Earned interest is paid to Minor Savings accounts on the last Business Day of each Statement Cycle. The actual amount credited each month is different because it is calculated by considering your account balance, the number of days in the Statement Cycle, and the current interest rate offered for a Minor Savings by BAC Community Bank.

Minor Deposit Accounts Frequently Asked Questions

What happens to my interest if my Minor Savings is closed before the end of the Statement Cycle?

Since interest is only credited to your Minor Savings at the end of each Statement Cycle, no interest would be paid for the current month if the account were closed before the end of the current Statement Cycle.

Are there any limits on the number of withdrawals allowed from a minor account?

Withdrawals from minor accounts at BAC Community Bank are treated the same as any other consumer deposit account. However, savings accounts and checking accounts are subject to different rules for making withdrawals.

- **MINOR SAVINGS**
 - There are no charges for account withdrawals.
 - BAC Community Bank limits certain types of withdrawals and transfers from a Savings account. (See page 13)
 - There are no limits to in-person withdrawals made in a branch.
- **TEEN CHECKING**
 - There are no limits to the number of withdrawals or other transactions during a monthly statement cycle.

What will happen to the account after the minor owner turns 18 years of age?

If neither account owner takes any action, the minor account(s) will be converted to other deposit accounts available at BAC Community Bank at that time.

- **MINOR SAVINGS**
 - The Minor Savings will be converted to a standard Select Savings account. (See page 11)
 - Currently, the Select Savings account has a \$3.00 monthly service charge that can be waived if:
 - A minimum balance of \$400 is maintained in the Select Savings, or
 - You are enrolled in and agree to receive paperless statements for this Select Savings.
- **TEEN CHECKING**
 - The Teen Checking will be converted to a FREE Select Checking account. (See page 10)
 - The Select Checking has no monthly service charge
 - The Select Checking account has no minimum balance requirement

If you would rather have a different account type, such as a FREE Kasasa instead, simply provide BAC Community Bank with your instructions. We will work with you to make the transition as smooth as possible.

Will the account number(s) change after the minor owner turns 18 years of age?

That depends. In general, your account number(s) and any issued debit card(s) will remain the same unless the account is closed.

After the minor owner turns 18 years of age, will the original adult joint owner be removed from the account?

No. While the account will be converted to another consumer deposit account offered by BAC Community Bank, the owners of the account will remain unchanged unless the account owners request a change in writing.

What if the joint owners wish to remove an owner so the account becomes a single ownership instead?

This need can be accommodated after BAC Community Bank receives written authorization from both joint owners authorizing this change. Normally, the account number will remain unchanged.

What if a request is made to remove an owner without authorization of all joint owners?

No account owner will be removed without the written authorization of all joint owners. However, each joint owner has full access to the account and can choose to close the account for any reason. If this action is taken, the account number will no longer be available for use.
