MY LIST OF RECURRING PAYMENTS

It's a good idea to keep a list of different companies and organizations that you regularly pay using your credit or debit cards. By doing this, you will be able to easily notify each organization whenever your payment information changes – update expiration dates, change card numbers, etc.

Keep this list safe. And, please do not write down any user names or passwords on this sheet.

You may wish to make copies of this document and use such copies to make separate lists for each of your cards, regardless of the issuing bank.
